FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Oversight assumes this proposal may have a fiscal impact on the Department of Corrections as a result of additional B felony convictions and subsequent incarcerations. It is unknown how many cases could occur. Therefore, Oversight assumes unknown costs to the General Revenue Fund.

Officials from the **Office of State Courts Administrator** assume the proposal would not fiscally impact their agency.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

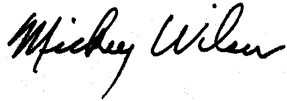

FISCAL DESCRIPTION

This proposal expands the conduct which can be used as evidence of acting recklessly in creating a risk of infecting another individual with HIV to including projecting saliva at another person when the projector is knowingly infected with HIV.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
